Become an Event Champion

Events and promotions are started by individuals, organizations and governments for a number of reasons: public education, raise awareness, foster action, memorialize an event or person, or even to celebrate something a person or organization has a passion for. Most of the food days would fall in this final category. The point is, you don't need to be the United Nations in order to create and champion an event. You only need to be organized and publicly declare it. To create an event as an event champion, you'll need to assemble some information first.

- 1. Name of your event
- 2. An objective for your event (why are you creating it and what do you want people to do?)
- 3. Date/Dates
- 4. A website or social media page about the event.
- 5. A legitimate contact person with an address, email and phone number.
- 6. A description of your event.
- 7. A masthead image for your event.

LEEP Calendar also allows you to include up to three downloadable files (PDF, Word, Excel, PowerPoint), three embedded videos, three additional images, up to three social media links, a physical event address if it is a location based event and a URL for ticket purchases or reservations.

The Silver Champion Membership is created for individuals and small organizations with up to three events a year. It's free. You just need to establish your membership. Gold and Platinum Champion Memberships are for larger organizations and allow for multiple event uploads and multiple event management.

Is your event a LEEP event?

This is the basic criteria:

- 1. The event must be open to the public (or a specific membership such as a recognized trade group, government body, faith-based group or association).
- 2. The event cannot violate any laws governing the location of the event.
- 3. All events must have an administrative contact, including name, title, valid phone number and valid email address. This information is viewable by all professional members of LEEP Calendar, but not to the general public.
- 4. The event must have a valid source URL, whether a social media page or its own website.

Learn more about Location-based Event Champions.

Please Note:

Inclusion of your event in LEEP Calendar does not imply endorsement, partnership, affiliation or support for your event by Jubilee LLC, LEEP Calendar, our stakeholders or our members. You may refer to your listing as "As seen on LEEP Calendar", solely. Jubilee LLC reserves the right to edit or remove events that violate the above or laws governing the location.

Are you ready to add your event(s) to LEEP Calendar? Choose the Champion Membership that best matches your needs.
